## **CRACK Pivot Stick Animator**

April 3, 2016 - Basics of Pivot Stickfigure Animator. :) I'll show you the basics of an animation program called Pivot. Pivot is an animation studio that allows you to animate and draw directly from the interface. There is no interface in the usual sense, but there is a window that allows you to create your own objects. There are also many tools to help you with this. Basically, Pivot allows you to create animated models that you can use later in other applications. There are three different kinds of animation that you can use.
