Kooring VR Wonderland:Mecadino's Attack Features Key:

- A New Role Playing Game that takes place inside VR
- Descend into the depths of a VR immersive experience
- You are the antagonist - YOU are the enemy
- Defeat bosses to save hostages
- Find and take weapons and items. Get to know the city more than anything else.

What is your reward for completing an episode?

You will get special rewards for completing each episodes of the game and will be moved up to the next level. The reward bonuses will be awarded based on how much points you have won from the progress you have made in the game.

Warning! Unlocking a new reward requires you to complete the main tasks and select the next reward without missing any of them

What should you know before you start playing it?

Check out the following if you are new to the game:

How to play it?

Take on the role of a hero who will save a hostage from a monster. It is not necessary to pick a weapon, but you will end up getting one to deal damage to enemy monsters. Don't forget to use teleport skill and dodge to help you fight. You can clear entire episode with the help of a weapon

How to clear the game?

Get the points to the maximum in each episode to unlock new weapon, ability or even gear. All gameplay progress is reset once you start a new episode, but you can choose what you want to transfer over from the previous episode. You will get more points for clearing every episode of the game.

Save hostage?
