Grindings Grindings Grindings Since our beginning in 1971, Team Metal has been proud to stand behind the American grinder industry. Not only does Team Metal stand behind the American Grinder's talent and dedication, but also we're proud to partner with them on some of the most impactful events in the industry today. To learn more about Team Metal and the American grinder industry, check out our Grindings page. Grindings Grindings Since our beginning in 1971, Team Metal has been proud to stand behind the American grinder industry. Not only does Team Metal stand behind the American Grinder's talent and dedication, but also we're proud to partner with them on some of the most impactful events in the industry today. To learn more about Team Metal and the American grinder industry, check out our Grindings page. "Three dimensional grind is coming." Team Metal's owner, Rick White, had a vision back in 1972. He said, "Our dream was to have a place where professional painters, murals and installers could come to shoot and do their best work." This year, Rick White, Jim Olson and Perry White have decided to make that dream a reality with the opening of Team Metal's newest location: Team Metal Grinding Shop in Leesburg, Virginia. "It's great to see the commitment Team Metal has to the community. When Team Metal originally opened, we had seven people in our office and four people working out of a small office and garage. Now, we have 60 people working out of a 22,000 square foot building. That's not including the 300,000 square feet of warehouse space! The importance of safety and liability insurance As the space grows, the number of employees also grows. We now have a large warehouse on site which houses our million-dollar light lifting equipment, mechanized paint sprayers and machinery needed to create a professional environment. The safety and liability insurance for our community is a constant concern of mine," Rick told us. "What we're doing is offering a working and training space for those in the local area who have a passion for painting and creating beautiful wall murals for others to enjoy. The key ingredient to our success is our commitment to safety and liability insurance."

What's New In?

Q: How do I set up a talk at Nymtochi 2013? I'd like to have a talk at this year's Nymtochi conference. It's being held in Boston, March 11-13. What are the steps I need to complete in order to submit an abstract and make it possible for the conference organizers to accept me as a speaker? I have no idea where to start. I've never presented at a conference before. I tried looking through their website to find out how to register, but that's not it. I'm sure it would be very helpful for me to have a list of the required steps and instructions. I'm probably being dense or just have no idea what I'm looking for. A: As you said you want to submit a talk. The submission instructions are here and also here The most important thing is to check your abstract here And then go to the abstract upload page by clicking on the abstract where it says "Submit an abstract". If you do not have internet access and you cannot get this, please email me with your email address and I will send you a PDF. Q: Syntax error SQL server 2012 I am having difficulty to adding to a insert statement. I am getting an error. if(sqlconn.State!= ConnectionState.Closed) { sqlconn.Close(); } sqlconn = new SqlConnection("Data Source=XXX\\SQLEXPRESS; Initial Catalog=XXX; Integrated Security=True"); sqlconn.Open(); SqlCommand cmd = new SqlCommand("INSERT INTO [X.X].[dbo].[Y] VAL
