In the Nexus – a single player experience that features physics-based puzzles, immersive VR combat and a collection of unique puzzles that have never before been seen in a game before – you must explore an oceanic planet, knock down walls, and combine objects in an effort to escape. The game’s intricate level design, beautiful voice acting and combat, and original gameplay mechanics make Nexus one of the most unique games available on any platform. No Motion Sickness – Nexus does not contain any in-game motion-sickness causing mechanics or features.

About The Festival – In the Festival, players become one of the elite fighters during this ancient tale of war between ancient alien soldiers, amnesiac warriors, and people who live in fear of this dangerous race. Your girlfriend has been taken captive by a horrible cult called the Necronomiconi. Fleeing to escape their clutches, you discover that you are the only survivor from

your planet. Sensing that your only chance of finding peace depends on proving yourself in a fight to the death, you are given the choice of either killing the Necronomiconi or facing your own grave. Beautifully realized world and characters from the Puppet Master franchise, the single player story puts players in the shoes of a neophyte warrior living on a fictional world called the "Tilt", under threat of attack by an ancient alien race known as the Necronomiconi. They have stolen the host of your woman and, in order to escape, you're tasked with fighting your way through hordes of Necronomiconi as well as facing down the forces of darkness in a live-action scripted battle across an oceanic world. The entire experience is action-packed, with a number of iconic movies and game characters appearing in the development of the game. The inclusion of Puppet Master could only be done under the network of TooFab. The movie and its iconic characters, Joel, Rami, and Karlee have become an integral part of the universe of the game. “The only problem with Aluxes: The Journey to the Hidden Temple is the controls. I don’t know what was the point.” “I’ve never tried this before, but how can you hate this?” “Yeah, what was the point of the whole thing?” As you can imagine the reviews from the immersive tech community for Aluxes have been varied. I’ve been a lifelong gamer and played every type of game you can imagine, from driving games, to first-person shooters, to virtual reality. I’ve played them all. I’m familiar with the market. Auxes is the Roman god of wealth, irrigation, and religion and is regarded as one of the most important gods of the Egyptian pantheon. Background information The Temple of Aluxes consists of a large, black granite edifice so big it covers most of an entire block of land. There are also several smaller temples nearby, including temples of the Moon, the Sun, Amon Ra, the goddess Neith, as well as the chief god, the god Narmer. Before the tourists begin to flood into the area, an Egyptian presence must be established and a welcoming ceremony held for them. Requirements "Setekhesh" is the set phrase that must be said to enter the Temple of Aluxes. All pilgrims must be male only. Females are not allowed past the gates. As is tradition, pilgrims must first buy a ticket in the Ancient Egyptian language in order to gain entry to the Temple. Only those who can determine the four letter operative phrase will be allowed to enter. Currently, there are no English-speakers. Once inside the area, pilgrims must then buy a more specific ticket which states their intent to use the Temple to obtain a Number. This category is self-explanatory. Third, pilgrims must look for the number 36. In the separate ticket, there are 8 opportunities to obtain a number and the 36th one is located on a ledge built into the wall of the Temple near a window. Once a pilgrim has obtained the temple ticket and the number 36, they must then hand over their Egyptian currency to one of the priests, who will then give them the Temple Ticket (1). Next, the pilgrim must have sex with the priestess to bless the Temple. The pilgrim then receives the Temple Ticket (2). With the ticket in hand, the pilgrim makes another payment to the priestess before leaving, who then gives the ticket to the pilgrim. Once
