CAC-7182AC-1A-BK-F6B.Q: Laravel 5 Socialite Facebook to Twitter I'm trying to figure out how to get to a user's twitter account with the socialite package. I have the Laravel 5 package installed and everything looks good, and I'm getting the user's facebook info. I'm currently using the "Facebook" provider, and I'm thinking that I should be looking at the "Twitter" provider. I'm not sure if I should be doing it differently, or can just copy and paste the code from their GitHub repo. Is there anyone who can help me with this? I got stuck here: return \$this->get('socialite/identity/'. \$provider. 'user') ->attributes(['id', 'name', 'link',]); Can someone help me find where I should put my Twitter account so that it will work? A: It's been a while since I used Socialite but it was based on Lara
