

While Bossk, the Man Who Smells Like Teen Spirit, could be said to have made his first appearance in Star Wars, Star Wars: Rogue Squadron, he actually made his real debut in a 1987 issue of the fanzine The Official Star Wars Fact File, and was later cast as a villain in the 1996 video game Battlefront. [47] His name was first given in Star Wars: Rogue Squadron, with his Rogue Squadron designation on the computer game being inspired by him. [5] Despite Bossk's cameo appearance in Rogue Squadron, he had little screentime, in which he was introduced as a Rogue Squadron pilot who had lost an eye and an arm in a skirmish on his home world, Trandosha and was subsequently exiled to its surface world of Yavin IV. During the scene, Bossk was voiced by Daniel Wyllie, who also voiced the character in the video game. In the episode "Clone Cadets", however, Bossk's name was altered to "Owen Lars", and his voice, as well as his Rogue Squadron appearance, was altered to resemble James Arnold Taylor. [23] Bossk was introduced as a member of the Bounty Hunter's Guild on Yavin IV. [23] He was then featured in the two issue "Rogue Squadron" arc of the comic book title, which was adapted from the video game. [23] Bossk resurfaced in the 2000 computer game Battlefront II, once again as a bounty hunter.
