Microwavesam-Wii-Hack-Pack.rar.rar. Here are the Applications I have installed and thought they were useful, if you want to install them then just do this. Boot your wii to the system menu. You will see the following channels installed.CFG-USBloder- This is a forwarder, it load the usbloader from your sd card or HD.Backup Dics Channel- This is an autobooting mod of Neogamma

loader, it will autoboot discs. Press any button while loading to access the menu. It is a channel and does not use sd/hdBackup HBC- You will see a channel with black water, labeled backup HBC. When you load it, HBC 1.03 is loaded. This is installed as a backup means to run homebrew should you ever need it. You should not use it, unless you need to. Don't uninstall this wad, title MAUI. Keep it on your wii or save it onto your sd card. You can move it to the far far right of the channel menu or back it up to your pc. You never know, someday you may need it. If you like you can move channels by holding B, then pressing A and dragging them where you wish. You can do this with the disc channel if you enabled the priiloader hack. If any of the downloads do not work, then download this for all the downloads in one! 5ec8ef588b
